EDUCATION

Bachelor of Computer Science
Al-Balqa Applied University
2022 - 2026

LANGUAGES

- Arabic (Native Speaker)
- English (Very Good - Professional)

KEY COMPETENCIES

- **Windows Desktop & Server**
- **Active Directory & GPO**
- **TCP/IP, DNS, DHCP Config**
- **Hardware Diagnostics & Repair**
- **Remote Desktop Support**
- **User Access Management**
- **Cisco Packet Tracer Labs**
- **Security Baseline & Auditing**

PRACTICAL PROJECTS & HANDS-ON LABS

Windows Server & Enterprise Administration Lab
Virtual Environment

- Deployed and configured Windows Server within hypervisor test environments.
- Configured Active Directory Domain Services (AD DS), organizational units (OUs), and user accounts.
- Authored and enforced Group Policy Objects (GPO) for enterprise security and desktop policies.
- Performed Windows system backup, restore procedures, and endpoint diagnostics.

Cisco Packet Tracer Networking Topologies
Network Simulation

- Architected multi-subnet network topologies implementing switches, routers, and gateways.
- Configured VLANs, IP addressing schemes (IPv4), default gateways, and inter-VLAN routing.
- Diagnosed and resolved simulated connectivity issues using ping, traceroute, and packet inspection.

TryHackMe Cybersecurity & SOC Fundamentals
Hands-On Labs

- Completed Cyber Security 101 Learning Path (45+ hours) covering networking, security & defense.
- Conducted network enumeration and port discovery using Nmap in controlled lab VMs.
- Practiced security monitoring, log analysis, threat detection, and password audit techniques.

VersaStyle Web Platform
Front-End Development

- Engineered responsive interface workflows with appointment booking and service views.
- Collaborated across team iterations to test and refine user-facing interactions.
